

AIR ENTRAINERS AND DEFOAMERS IN OPERATION – AIRVOID MANAGEMENT

▼ Mortars without additives

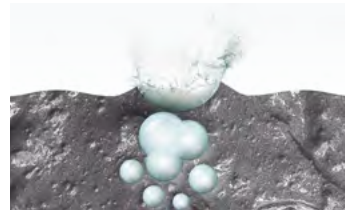

- Total porosity:
- gel pores
 - capillary pores
 - **air voids**

▼ Air entrainer

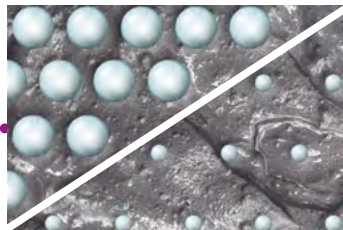

- Total air volume
Air void size
Air void distribution
Air stability over time

▼ Defoamer

▼ Mortars with special properties

- freeze-thaw resistance
- processability
- density

- impermeability
- durability
- strength
